

ASSOCIATE PROFESSOR IN ECONOMICS

Université de Versailles-St-Quentin-en-Yvelines – Université Paris-Saclay

Mateo CORDIER

mateo.cordier@uvsq.fr

Born in Brussels in 1980,
Belgian

Master's Degree in Bioengineering

(at ULB and Gembloux Agro-Bio Tech, Belgium)

PhD in economics (UVSQ, France) and in biological engineering and agricultural sciences (ULB, Belgium)

EDUCATION

ULB and Gembloux Agro-Bio Tech (Belgium) :

2008–2011: **PhD in economics** at Université de Versailles-Saint-Quentin-en-Yvelines (UVSQ, France) **and in biological engineering and agricultural sciences** at Université Libre de Bruxelles (ULB, Belgium). Title translated from French: “*Estuarine ecosystem and regional economic system: feasibility of integration through Input-Output modeling. Application to the case of fishery habitat in the Seine estuary*”. Presented the 5th of July at UVSQ, Saint-Quentin-En-Yvelines, France, 477 pp.
Available at : <https://archimer.ifremer.fr/doc/00048/15926/>

1999–2004: **Master's Degree in Bioengineering (Belgium) at Université libre de Bruxelles (ULB) and Gembloux Agro-Bio Tech :**

- Completed 2 years of undergraduate studies at ULB (Bachelor's degree)
- Completed 1 year of undergraduate studies (Bachelor's degree) and 2 years of postgraduate studies (Master's program) at Gembloux Agro-Bio Tech.

2002: **University exchange prorogram:** 5 months studying at McGill University (Canada).

PROFESSIONAL EXPERIENCE

Université de Versailles-Saint-Quentin-en-Yvelines (UVSQ, France) :

2017-2020 : **Coordinator of the Work Package-Transverse of the ACE-ICSEN Project**
« *Adaptation to Environmental Changes: A Multi-scale and Transdisciplinary Approach – Institute of Socio-Environmental Changes* ». Funding: Idex Paris Saclay (Strategic Research Initiatives - IRS), budget of €120,000.

2015-2021 :

- **Deputy Director of CEARC** (Research Center on Cultures-Environments-Arctic-Representations-Climate, UVSQ).

Since 2015 :

- **Coordinator of the Master's Program « Transition towards Sustainability »** (UVSQ - Paris-Saclay University). Website : <https://www.universite-paris-saclay.fr/formation/master/etudes-du-developpement-et-de-l-environnement/m1-transition-vers-la-soutenabilite>

Since March 2013 : **Researcher** at CEARC : <https://www.cearc.fr/>

Since Sept. 2012 : **Associate professor** in economics at UVSQ (150 hours of teaching per year):

- Undergraduate lecture : « *Development, growth and inequalities* » (2021-2024)
- Postgraduate lectures: « *Environmental economics* », « *Ecological economics* » (2013-2024), « *Introduction to industrial ecology* » (2013-2024), « *Impact analysis of climate changes* » (2015-2024).
- Supervision of master's theses (2012-2024).

2011 – 2012 : **Post-doctoral researcher** at UVSQ in the research center *Research in Ecological Economics, Eco-Innovation and tool Development for Sustainability* (REEDS).

Université Libre de Bruxelles (ULB, Belgium) :

2006 – 2007 : Researcher at the Center for Economic and Social Studies of the Environment at Université Libre de Bruxelles (CEESE - ULB, Belgium).

European Volunteering Service funded by the European Commission (Slovakia) :

2005–2006 : **One year volunteer at the Regional Energy Management Agency and at BIOMASA:**

- Seeking funding for BIOMASA, an industry producing renewable wood pellets.
- Organizing information and awareness activities in English on climate change and energy savings.

AWARDS AND PRIZES

- **Winner of the Louis Forest/Aguirre-Basualdo Prize** awarded by the Chancellerie des Universités de Paris, December 6, 2012, at the Sorbonne for the doctoral thesis
- **Nominated for the Doctoral Thesis Award for Future Generations 2012**, nominated by the Foundation for Future Generations, April 30, 2013, in Belgium
- **Winner of the David & Alice Van Buuren Fund Prize** awarded for doctoral research, May 3, 2010.

LANGUAGES

French :	Mother tong.
English :	Good knowledge (speaking – reading – writing).
Spanish :	Good knowledge (speaking – reading). Intermediate proficiency (writing).

PUBLICATIONS

PEER-REVIEWED INTERNATIONAL JOURNALS

- **Cordier M.**, Pérez Agúndez J. A., O'Connor M., Rochette S., Hecq W., **2011**. Quantification of interdependencies between economic systems and ecosystem services: an input-output model applied to the Seine estuary. *Ecological Economics* 70 (9), 1660-1671.

SELECTED INTERNATIONAL CONFERENCES (RECENT PRESENTATIONS)

Novembre 2022: MICRO 2022 – Plastic pollution from micro to nano, 14-18 novembre, Lanzarote, Espagne, « *Demographic Factors and the Environmental Kuznets Curve: Global Plastic Pollution by 2050 Could Be 2 to 4 Times Worse than Projected* ».

Novembre 2022: MICRO 2022 – Plastic pollution from micro to nano, 14-18 novembre, Lanzarote, Espagne, “*Behavioral barrier-based framework for selecting intervention measures toward sustainable plastic use and disposal*”.

April 2022: Cornell University (USA), Oral presentation to the international course online “Plastics: Impacts and Action”, 6 April 2022, « *Plastic pollution and economic growth: the influence of corruption and lack of education* ».

June 2021: Cornell University (USA), Oral presentation to the international course online “Plastics: Impacts and Action”, 2 June 2021, « *Plastic pollution and economic growth: the influence of corruption and lack of education* ».

April 2021: The Global council for Science (USA), 14 April 2021, « *Plastic pollution and economic growth: the influence of corruption and lack of education* ».

Novembre 2020: Micro 2020, 23-27 novembre, Lanzarote, Espagne, « *Plastic pollution and economic growth: the influence of corruption and lack of education* ».

Septembre 2018: The International Society for Ecological Economics (ISEE) 2018 Biennial Conference, 10-12 Septembre, Puebla, Mexique, “*Regional and sectorial impacts of cost allocation rules & impacts of ecological restoration schedule: input-output/system dynamics modeling*”.

Novembre 2018: MICRO 2018 - Fate and Impact of Microplastics: Knowledge, Actions and Solutions, 19-23 novembre, Lanzarote, Espagne, colloque international organisé par El Cabildo de Lanzarote, l’UVSQ, Plymouth University, l’AWI, Cornell University, Università di Siena et Marine Sciences For Society, « *A social-ecological framework tackling plastic pollution* ».
